

PROFILE WARBLER SERIES

FOAM 1 220mm
FOAM 2 233mm

SPLIT SPAR MK IX

B.J.RUSSELL MFHB Feb 2013

Fill imperfections in foam with surface and fuselage edge with "One Time" or like lightweight filler.
Fuselage and wings then covered with one layer of medium weight (65g) brown paper from Warehouse stationery, applied with 40% water thinned aliphatic PVA.
Important to cover other side of piece before the first side is dry to minimize any warpage.
